

REPORTS AND OTHER PUBLICATIONS (22)

- Gusyev, M.A.;** Magome, J.; Kiem, A.; Kuniyoshi, T. (2017). The BTOP Model with Supplementary Tools: User Manual. Technical Note of PWRI No. 4357, Public Works Research Institute (PWRI), Tsukuba, Japan, ISSN 0386-5878, 71 p.
- Moreau M.; Nokes, C.; Cameron S.; Hadfield J.; **Gusyev M.;** Tschritter C.; Daughney C. 2014. Capture Zone Guidelines for New Zealand, *GNS Science Report 2013/56*. 52 p.
- Moreau, M.; Cameron, S.; Daughney C.; **Gusyev, M.;** Tschritter, C. 2014. Envirolink Tools Project - Capture Zone Delineation – Technical Report, *GNS Science Report 2013/57*, 98 p.
- Moreau-Fournier, M; **Gusyev, M.;** Lovett, A. 2014. Capture Zone Delineation for Pauanui, *GNS Science Consultancy Report CR 2012/288*. 37p.
- Gusyev, M.A.;** Toews, M. 2012. Capture zone delineation and analysis of the Public Water Supply Well #1762, Ruataniwha Plains, Hawke's Bay. *GNS Science Letter Report 2012/28LR*. 12 p.
- Toews, M.W.; **Gusyev, M.A.** 2012. Defining Groundwater Management Zones using particle tracking for Ruataniwha Plains, Hawke's Bay, *GNS Science Letter Report 2012/151LR*. 11 p.
- Zemansky, G., Van Dissen, R., Cox, S., **Gusyev, M.** 2012. Potential Impact of a Wellington Fault Movement of the Whaiwhetu Aquifer. *GNS Science Consultancy Report 2012/204*, 78 p.
- Gusyev, M.A.;** Toews, M.W.; Morgenstern, U. 2012. Modelling Tritium, Groundwater Age and Nitrate for the Western Lake Taupo Catchment, *GNS Science Consultancy Report 2012/48*. 31p.
- Toews, M.W.; **Gusyev, M.A.** 2012. GIS Tool to delineate groundwater capture zones. *GNS Science Report 2012/06*. 48 p.
- Cameron, S.; **Gusyev, M.** 2011. Assessment of effects of pumping Brownrigg Agriculture wells on the Poukawa basin using a pseudo-transient groundwater-surface water interaction model. *GNS Science Consultancy Report 2011/309*. 19 p.
- Gusyev, M.A.;** Tschritter, C.; Moreau-Fournier, M.; Daughney, C.J. 2011. Capture zone delineation for National Groundwater Monitoring Programme sites in the Southland region. Lower Hutt. *GNS Science Report 2011/31*. 54 p.
- Gusyev, M.A.;** White, P.A.; Tschritter, C.; Toews, M.W. 2011. Summary of collated hydrogeological information and a proposed design of groundwater flow and contaminant transport model for the western Lake Taupo catchment. *GNS Science letter report 2011/84LR*. 25 p.
- Gusyev, M.A.;** Morgenstern, U.; Zemansky, G.; Cameron, C.; Toews, M.W.; Tschritter, C. 2011. Delineation of protection (capture) zones for the Putaruru well field and the Blue Spring on the Waihou River. *GNS Science Consultancy Report 2011/137*. 36p.
- Toews, M.W.; **Gusyev M.A.** 2011. Numerical Groundwater Flow and Transport Modelling of the Western Lake Taupo Catchment. *GNS Science Consultancy Report 2011/84LR*, 14 p.
- Cameron, S.G.; **Gusyev, M.;** Meilhac, C.; Zemansky, G.M. 2011. Pseudo-transient groundwater-stream interaction model for determination of the effect of groundwater abstraction on spring-fed stream flow in the Lake Poukawa catchment, Hawke's Bay. Lower Hutt: *GNS Science report 2011/07*.
- Gusyev, M.A.;** White, P.A.; Toews, M.W.; Tschritter, C. 2011. Summary of collated hydrogeological information and a proposed design of groundwater flow and contaminant transport model for the Western Lake Taupo catchment. *GNS Science Letter Report 2011/84LR*, 23 p.
- Zemansky, G.; Begg, J.; **Gusyev, M.** 2011. Peer Review: Kapiti Coast Groundwater Flow Model. *GNS Science Consultancy Report 2010/286*. 146p.
- Gusyev, M.;** Moreau-Fournier, M.; Tschritter, C. 2011. Capture Zone Delineation for Gore District Council Drinking Water Production Wells. *GNS Science Consultancy Report 2011/32*. 39p.
- Gusyev, M.;** Cameron, C.; Tschritter C. 2011. Security of the Gore District Council Drinking Water Supply. *GNS Science Letter Report 2011/78LR*. 3p.
- Gusyev, M.A.** 2011. Improvements on Modeling Flow In and Underneath Wetlands. PhD thesis, Indiana University, Bloomington, USA, 130 p.

- Hong, T.; Minni, G.; Ekanayake, J.; Davie, T.; Thomas, J.; Daughney, C.; **Gusyev, M.**; Fenemor, A.; Basher, L. 2010. Three-dimensional Finite-Element Transient Groundwater-River Interaction Model in a Narrow Valley Aquifer System of the Upper Motueka Catchment, *GNS Science Consultancy Report 2010/211*. 82p.
- Haitjema, H.M.; **Gusyev M.A.** 2006. "Source Water Protection in the USA: Ensuring Clean Drinking Water", Investigation Report to Seoul University, South Korea, 26 p.
